Introduction:

ICAR-National Research Centre on Pig, Rani Guwahati is proposing an online collaborative training program on “Better Livelihoods through Scientific Pig Husbandry” sponsored by National Institute of Agricultural Extension Management (MANAGE), Hyderabad. ICAR-NRC on Pig is a leading institute bringing excellence in pig production health and product processing through innovative research in order to provide technology backstopping for enhanced pork production, employment generation and poverty reduction among socially and economically weaker sections through the medium of pig husbandry. This training program will provide detailed insights on different skills creation for enhancing the livelihood opportunities in pig husbandry. The training will also impart knowledge on different entrepreneurial opportunities and creating business ecosystems in the piggery sector.

Objectives:

- Equip participants with comprehensive knowledge and skills in scientific pig husbandry practices, covering aspects such as breeding, nutrition, health management, and housing.
- Provide participants with the necessary entrepreneurial skills to establish and manage successful pig farming enterprises, including financial management, business planning, and market analysis.
- Empower participants to maximize their economic returns by implementing scientifically sound pig husbandry techniques, exploring value-addition opportunities, and identifying market trends.

Eligibility of Participants: Extension officials of state/central animal husbandry departments/aspiring entrepreneurs/progressive farmers/field veterinarians, faculty of SAUs/KVKs/ICAR institutes/Students/research scholars are eligible to apply.

Duration: May 14-16,2024

How to Apply: The participants can apply online on the MANAGE website and also with the help of the link given below:

<https://www.manage.gov.in/trgModule/emailRegn.asp?tpno=JJ&tpyear=FDH>

The selection of participants and detailed guidelines of the training program will be intimated through e-mail. Upon selection, the candidates should immediately confirm their participation.

Last Date for Applying online: 12th May, 2024, 5.30 pm

Selection of candidates: Selected candidates will be intimated on 13th May, 2024 by email/phone

Online examination: An online examination will be conducted on 16th May, 2024, 4:00-4:30 pm in which the participants have to respond 25 multiple choice questions through Google forms.

Criteria for certification:

Full-time attendance

Minimum 50% score in online exam

Proposed Online Platform: Cisco Webex

Program Feedback: The participants have to rate each session as a feedback which will be incorporated through online mode.
